

SENATOR KNOX WOULD REJECT PEACE TREATY

**Pennsylvania Senator Demands
United States Make Separate
Treaty With Germany**

**Only Safe Way to Deal
With Covenant Is to
Decline to Be a Party
to It, He Declares**

Washington, Aug. 29.—Declaring that the peace treaty cannot be enforced, but will lay the foundation "for centuries of bloodletting," Senator Knox of Pennsylvania, a republican member of the foreign relations committee, and former secretary of state, told the senate today that the United States should decline to become a party to the settlement effected at Versailles and should negotiate a separate peace with Germany.

Reject Peace Treaty

In its "hard and cruel" terms, he asserted, the treaty imposed on Germany penalties which violate international law and engender strife.

"The more I consider this treaty," said Mr. Knox, "the more I am convinced that the only safe way for us to deal with it is to decline to be party to it at all.

"I think we should renounce in favor of Germany any and all claims for indemnity because of the war and see that she gets credit for what we renounce. We ought to renounce all participation or membership in commissions, committee, boards or otherwise provided for in the treaty in aid of its execution to which by its terms we are parties. We ought not to accept cession of German territory.

Should Declare Policy

"We ought to declare a general policy to regard with concern any threat of disturbance of general world peace but at the same time we should reserve complete liberty of action, either independently or in conjunction with other powers, in taking such steps as we determine wise for preserving the peace.

"We ought then to carry out the spirit of the act of 1916, which authorized the president to convene the nations of the world together to establish a code of international law, reduce armaments, to establish an international tribunal and go as far as possible in the direction of securing peace through justice, through a league to which all the world are parties in its formation.

Hard, Cruel Peace.

"This would be a fitting, generous and dignified exit from a situation in which primarily we had no direct concern.

"It is indeed a hard and cruel peace that this treaty stipulated and I have no objections to its being so, but see no reason why we, who do not partake in its spoils, should become parties to its harshness and cruelty."

Senator Knox said a state of peace actually would be established in the world as soon as three of the great powers had ratified the treaty, and that the United States should make her own peace status complete by a concurrent resolution of congress.

Declaring the foreign relations committee had tried in vain to get important data relating to the treaty, the senator said the people at last were waking to the true issues as the facts about the Versailles negotiations leaked out.

Diluvence of Facts.

"Little by little," he continued, "they are bringing a diluvence of the facts connected with the treaty and they may now hope finally to see the whole of the great gaunt tragedy into which those whom they had charged with protecting them were about to betray them."

Quoting President Wilson's declarations in 1917, that the purpose of the United States in the war was to overthrow German autocratic power and leave the German people free to "choose their own ways of life," the senator said that with the signing of the armistice "we had achieved the full purpose for which we entered the war" and should have "quit the war as we entered it, still free and independent, masters of our own destiny."

German Spartacans Attempt a Revolution

Stage Fifty Meetings in Large German Cities—100,000 Persons Attended

London, Aug. 30.—(United Press)—Dispatches stating that a movement to foment revolution against the German government was launched by Spartacans Wednesday, when they staged fifty meetings in Berlin and other cities. More than 100,000 persons attended. Resolutions were adopted summoning the proletariat to join the Spartacans in a revolt against the government.

Accepting the Spartacans challenge, Minister of Defense Noske has issued a rule prohibiting the purchase or sale of weapons and forbidding the publishing of pamphlets and newspapers without military permits.

President Wilson Will Address State Legislature Sept. 9

(By United Press)
St. Paul, Aug. 30.—President Wilson will address the Minnesota legislature Sept. 9 according to a telegram from Washington to the capital. Minnesota's chief executive has invited the president to Minnesota and is head of the arrangement of the program.

Governor Burnquist will return next Tuesday and will make arrangements for the president and his party.

Only Presidential Intervention Can Prevent Strike

Steel Head Ignores Request of Union Committee for a Conference

BY FRED S. FERGUSON,
(United Press Staff Correspondent)
Washington, Aug. 30.—Intervention by the president today appeared to be the only thing that would avert a strike of the union steel industry if the men attempt to carry out their threats. The time limit given Judge Gary, head of the United States Steel Corporation, for a reply to the letter of the steel workers committee request, has expired with no reply.

The committee informed Gary they would be at the National Hotel, Washington, until last night. They waited until a late hour and Secretary Foster announced he was taking a train for home. Early today when a reply was still lacking, Fitzpatrick, head of the committee, declared "there was nothing more to be done."

Washington, Aug. 30.—President Wilson today was endeavoring to dispose of administration matters so far as possible in preparation for his speaking tour which will absent him from Washington 27 days. One of the matters to which he was giving serious attention deals with the possibility of a strike in the steel industries. The position of the steel workers was expressed to the president by a conference by Samuel Gompers and one official who hopes the president will in some way persuade them to recede from their stand that they will not deal with the union.

California Rail Strike at End

Action to End Strike Was Taken Seven Hours Before Time Set by Government Ultimatum

San Francisco, Aug. 30.—(United Press)—California's rail strike is at an end today. Action was taken in Los Angeles scarcely seven hours before the government ultimatum expired which made it necessary for federal authorities to operate trains, beginning at 7 today. Every preparation had been made by the railway administration, however, to run the trains and hundreds of deputies had been sworn in. The strikers of the Pacific Electric out of Los Angeles have not returned to work.

\$1,000,000 LOSS BY FIRE

Homes of 200 Persons Destroyed in California Town

Merced, Cal., Aug. 28.—Fire originating in a former saloon, wiped out two square blocks in the heart of the business district of Los Banos, thirty-five miles from here, last night, causing between \$750,000 and \$1,000,000 in losses and destroying the habitations of at least 200 persons.

Chicago Boys Raise Fund to Pay Lindsey Fine

(By United Press)

Chicago, August 30.—Chicago boys will not let their judge serve a jail sentence. Their judge is Ben Lindsey of Colorado, widely known as the Juvenile Court Judge who was sentenced to serve 250 days in jail. The alternative was \$500. Friends came to his aid but he refused their help. Members of the Boys Brotherhood Republic held a meeting last night and today a campaign is under way to raise 50,000 pennies to pay the judge's fine.

Pershing Refused to Testify

(By United Press)

Paris, Aug. 30.—General Pershing refused to testify before the congressional committee inquiring into American war expenditures in France. Following his refusal to testify, Congressman Brand, chairman of the committee, issued a statement declaring that "action was typical example of the war department's indifference."

Paris, Aug. 30.—Replying to Brand, Pershing said he had no desire to conceal the regulations of the A. E. F. which were open in every way. He said however that on the eve of departure it would be impossible to grant the request which would necessitate the unpacking of the records relating to the affairs.

(By United Press)

Roosevelt Field, Long Island, Aug. 30.—North America's greatest aerial race, the New York-Toronto derby, closed today with thirty-two of the fifty-one entries completing the round trip, according to unofficial facts. Lieut. D. W. Maynard, U. S. A., established the best time, 467 1/4 minutes, with Lieut. D. Gish second. Gish concluded the round trip in 503 minutes yesterday. The best airplane flight was won by De Haviland-4, which according to available figures, won 1st, 3rd and 4th places.

**Shoots Wife, Tries
to Kill Himself**

(By United Press)

Milwaukee, Aug. 30.—"Please give me a cigarette," was the continual pleading of George Berger, age 32, who is able to sit up in bed with a slight bullet wound in his head. The wound was self-inflicted after he shot and killed his divorced wife, Clara, 30 years old. Little Dorothy, nine years old, today lies exhausted at the home of her grandparents from weeping over the death of her mother. The woman was shot in the hallway of a print shop where she was employed.

**Riots Reported in
German City**

(By United Press)

Berlin, Aug. 30.—Armed with revolvers and hand grenades throngs of rioters at Ludwigsplatz stormed the postoffice today. Several persons were killed in the fighting. Later troops occupied the postoffice and stores. Telephone and telegraph service was cut off. Banks have been closed in fear that further trouble will occur. It was also feared a general strike may be declared.

**Fight in Committee on
Treaty Reservations**

L. C. MARTIN,
(Staff Correspondent, United Press)

Washington, Aug. 30.—A sharp struggle is expected in the foreign relations committee over the form of the treaty reservations when the subject is taken up next week. Republican views of reservations vary widely. Senator Lodge, chairman of the committee, is confronted with reconciling the idea of Senator McCumber with Senator Knox and Brandegee, for instance. Again Senator McCumber's own idea does not entitle meet those of Knox and there are unresolvable differences with Johnson, Borah and Fall, who must be reckoned with. Democrats will take no more part in reservations making and adoption of textual amendments, but being powerful to stop, they will only oppose to the limit.

With only one more amendment in sight, Senator Fall will strike out the labor clause in the reservation which will go up early next week. The committee hopes to have the treaty ready to report by next Wednesday or Thursday.

Paris, Aug. 29.—Ratification within a short time of the peace treaty with Germany, now before the Chamber of Deputies, seems probable, despite some feeling that France is not guaranteed sufficient military protection.

**Prices Won't Be Higher;
Refrain From Buying,
Is Advice of Executive
Secretary Riley**

Washington, Aug. 29.—New impetus was given the government's campaign to reduce the cost of living at conferences here today which assured the closest co-operation between federal and state authorities.

Burnquist Present

Six governors, Gardner, Missouri; Milliken, Maine; Burnquist, Minnesota; Campbell, Arizona; Sproul, Pennsylvania; and Cooper, South Carolina, and Lieutenant Governor McDowell of Montana, representing the national conference of governors, spent several hours studying the situation with Attorney General Palmer and then called at the White House to offer President Wilson the full machinery of the states in the effort to restore a normal price level.

As the result, there was greater optimism in the capital tonight over the outlook than has been evident in many days. With the far-reaching state organizations carrying the message of economy and increased production into every county and aiding the federal authorities in bringing to justice hoarders and profiteers, officials believed excellent results could be obtained in the next 90 days, which would avert the menace of transportation strikes to obtain higher wages.

Make Announcement

"After our meetings today with the President and the attorney general," the committee of governors announced, "certain facts are clear:

"1.—That all the people of the nation and all organizations should immediately co-operate for the purpose of increasing the production of the necessities of life.

"2.—That economy in consumption and care in purchasing the necessities of life are equally important with production.

"3.—That every agency of the federal and state governments should cooperate forthwith to prevent profiteering.

"The attorney general has assured us that he will prosecute under existing and proposed laws all profiteers.

"That suggestion of the attorney general that a fair price commission be appointed in each of the states and fair price committees in the different localities of the states, upon the nominations of the governors, was endorsed.

Palmer Will Act

"While the attorney general expressed a desire to rely upon the assistance of community efforts in the direction of the elimination of profiteering, through local fair price committees, he gave assurance that when such efforts were not forthcoming and results were not satisfactory, his department would handle these questions directly.

"The attorney general was assured that every state agency which could be of service in this emergency was placed at his command and he was at liberty to call for any information and assistance he desired from the state authorities."

MANIFOLD USES OF THE OX

Animal May With Truth Be Said to Be Most Useful of All the Domestic Animals.

Of all our domestic animals the ox is certainly the most useful, writes Henri Fabre in Our Humble Helpers. During its lifetime it draws the cart in mountainous regions and works at the plow in the tillage of the fields; furthermore, the cow furnishes milk in abundance. Given over to the butcher, the animal becomes a source of manifold products, each part of its body having a value of its own. The flesh is highly nutritious; the skin is made into leather for harness and shoes; the hair furnishes stuffing for saddles; the tallow serves for making candles and soap; the bones, half calcined, give a kind of charcoal or bone black used especially for refining sugar and making it perfectly white; this charcoal, after thus being used, is a very rich agricultural fertilizer; heated in water to a high temperature, the same bone yields the blue used by carpenters; the largest and thickest bones go to the turner's shop, where they are manufactured into buttons and other small objects, the horns are fashioned by the maker of small wares into snuff boxes and powder boxes; the blood is used concurrently with the bone of black in refining sugar; the intestines cured, twisted, and dried, are made into strings for musical instruments; finally, the gall is frequently turned to account by dyers and cleaners in cleaning fabrics and partially restoring their original luster.

A quiet, but pretty wedding was solemnized Thursday evening at 5 o'clock at the parsonage of the St. Francis Catholic church when Miss Agnes M. Jaeger, daughter of Mr. and Mrs. Robert Jaeger, 837 Bluff Avenue, became the bride of C. E. Martin, son of Mr. and Mrs. C. W. Martin of Grand Meadow, Rev. Father J. J. O'Mahoney officiating.

The bride wore a blue suit with hat to match, and a corsage bouquet of bridal roses and lilies of the valley. The bridesmaid, Miss Ida Jaeger, a sister of the bride, wore a blue suit and hat, and corsage bouquet of pink roses and sweet peas. F. Jaeger, brother of the bride, was best man.

After the wedding a five course dinner was served to relatives. The home was beautifully decorated in pink and white.

Mr. and Mrs. Martin left for an extended wedding trip for the north and west, after which they will make their home in Grand Meadow. Out of town guests were Mr. and Mrs. Lynn Martin, brother and sister-in-law of the groom, of Glenwood, Wis., Miss Izella Martin, a sister of Grand Meadow; Miss Ida Jaeger of Duluth and F. Jaeger of St. Cloud.

MYSTERIOUS PAINS AND ACHES

Make Life Hard to Bear for Many Brainerd Women

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular menstruation. Kidney weakness becomes dangerous if neglected. Use a time-tested kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Brainerd case:

Mrs. A. Noakes, 213 S. Ninth St., Brainerd, says: "I had been feeling miserable and sick all over for about a year and didn't know what was wrong with me until my kidneys began to show they were disordered. My feet would swell when I went to take off my shoes in the evening. I always had a tired and depressed feeling. I tried different remedies with no relief. I got Doan's Kidney Pills at the Skauze Drug Co. and began using them. After I had taken four boxes, I was cured."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Noakes had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Floor-Crack Filler.

This is made from one pound of flour rubbed smoothly in a little water. Add three quarts of boiling water and set on stove. Stir in one tablespoonful of powdered alum, together with bits of torn newspapers, and cook until the mass is smooth and thick as putty. Use to fill the gaping cracks between the boards of old floors.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Egyptian Princess Wishing Wounded U. S. Flier Luck in New York-Toronto Race

One of the most interested spectators when the American aviators whirled away from Roosevelt Field, Long Island, in the New York-Toronto race, was Princess Della Patra of Egypt. She is seen here bidding goodby to Lieutenant Daniel Gish, U. S. A., just before the start. Gish has not yet recovered from wounds sustained in air battles in Europe.

Curious Clubs.

The recent announcement that an English "Bald-Headed Men's club" had just met—the first time since 1916, owing to the war—serves to recall one or two odd clubs.

"The Fat Man's club," for instance, was known to exist in Paris in 1897. Its heaviest member turned the scale at 336 pounds and the chief qualification for membership was to weigh at least 220 pounds.

About this time there also met in New York the "Society of the Pointed Beards"—a most exclusive club. No one was eligible unless he had a carefully cultivated beard of natural growth and terminating in one symmetrical point half an inch from the apex of the chin.

At two club dinners in 1898 even the celery was served with its leaves trimmed to a point.

Thomas a Kempis.

"Here in the service of the Lord Thomas a Kempis lived and wrote 'The Imitation of Christ,' are the words that appear on the foot of the monument to the author recently erected at Zwolle. In a gentle spot

surrounded by ancient walls and trees, and with shrubbery around, this monument stands on a hill which was presented for the purpose by the van Royen family. The monument is in the shape of a cross with the monogram of Christ and the symbols of the four evangelists. The inscription on the main part is "In Cruce Calus."

Many subscriptions were received for the monument as soon as the plan was suggested in 1916. Queen Wilhelmina was among those who gave.

Coating Iron With Lead.

Lead as a substitute for tin as a coating for sheet iron, iron wire and wire gauze was strongly advocated at the Buffalo meeting of the American Chemical society by Charles Baskerville, who exhibited some specimens of a process worked out by him.

Iron shingles, so treated, have been exposed to the weather in a roof test for two years and eleven months and show no signs of rust. They may be bent without cracking the coating and exposing the iron. Chicken wire so treated is quite as good as the galvanized and cheaper to produce.

First Safety Bicycles.

The first of the safety bicycles was put on the market in 1880. In this the high front wheel was reduced and the rear wheel was about two-thirds the height of the front one. The machines with wheels of the same size appeared in 1885. Bicycling began to be popular about 1891, and the "craze" reached its height about 1895, when wheels had become low enough in price to be within the means of the multitude.

"What's in a Name?"

The French island of Reunion has changed its name four times in 50 years. In 1733 it was Bourbon, as it had been for a century and a half, but the convention changed it to Reunion. Under the empire it became Isle Bonaparte; at the Restoration it reverted to Bourbon. Finally, in 1848, it became Reunion once more.

STUDENT GETS BANK POSITION

After completing his course at the Dakota Business College, Fargo, N. D., Mr. Leslie E. Ferris was immediately sent to a position with the Dakota Savings Bank of that city, making the third pupil to go to this financial institution.

Miss Pearl Booth, of Sawyer, is another pupil who has recently entered the services of a bank after a course at this college. The First National Bank of Hecla, S. D., secured her services.

A RECORD BREAKER

The State Fair This Year Will Surpass Anything Heretofore Attempted

Though the Minnesota State Fair, August 30 to September 6, is being conducted as a "Victory Exposition," and unusual effort is being made to provide an entertainment program in keeping with everyone's evident desire to welcome home the boys from over-seas in a royal manner, the educational features of the fair have not been neglected.

The farm machinery show promises to be the big feature of the fair this year. It has been growing steadily for years, but its evolution is extraordinary this year. Even in the early part of August there was little exhibit space left for machinery exhibitors. Every foot of the eighty acres of space will be covered with machinery of all kinds. The tractor show, also exhibit, and other features of like nature, have simply doubled and trebled in size.

The tractor show will present over 100 makes of tractors, most of which are of Northwest manufacture. The prosperity of the Northwest and its big crops of all kinds, is the beckoning finger. Dealers and manufacturers of farm machinery realize that farmers in the Northwest are to be heavy buyers of machinery this year and they want to get in on the ground floor at the state fair. Thousands of farmers are planning to come to the fair to look over the machinery show, and determine their choice of machines of different kinds, and a big effort will be made to clinch their interest at the fair. Last year there were 60 makes of tractors shown, which established a new record, but the 1918 record was overtaken six weeks before the fair.

The truck display will be a record breaker, not only for this fair but for all fairs. So many trucks are entered that the exhibit, originally intended for the auto show building, has been moved to the Steel and Machinery Building on Machinery Hill. It is believed that over 10,000 square feet of space will be needed for this show. Since the big combined Government Exhibit, an assembled display by all the leading departments at Washington, is to be put on in one end of this building, the truck show will prove to be more popular this year. The growing popularity of the truck for farm use is the leading motive for the greater interest in the truck department.

The auto show is a rejuvenated one. The held in the same building as formerly, it is a more pretentious one than for several years. Walter Wilmut, the energetic manager of the annual Northwest Auto and Truck Show, is the new secretary of this show. He has injected into the show such vim and aggressiveness that the record-breaking success of the show is assured. All of the leading makes of machines will be shown, and some of the 1920 models will be exhibited. An auto style show and driving contest for women before the Grandstand Saturday afternoon, August 30, is a new feature, which is certain to inject unusual "punch" to the show.

The livestock show is to be much bigger than the one of last year. Stock valued at more than \$1,400,000 will be shown, the horse, cattle, swine, and sheep shows all show a decided gain in number of entries. Some herds, flocks and stables of international reputation are coming to the fair this year. There will be judging of stock in the Livestock Pavilion each morning and afternoon, beginning Monday morning, Sept. 1, and lasting until Thursday or Friday. The Horse Show will be held in the same building Monday, Tuesday, Wednesday and Thursday evenings.

The women's show will present many new features. Baking has been restored to competition, now that the war is over. There is to be a re-modeled garment demonstration, and awards for garments of all kinds entered by persons who have made them. A new class for basketry has been admitted. The Style Show, held for several years in the Woman's Building, will be put on again with new and interesting features. Women's organizations of every kind have arranged for programs at the fair. There never was a time in the history of the fair when there was so much interest in making the fair successful.

The farm products show is to present a larger number of county exhibits than have been shown at the fair for years. Nearly every booth in the Agricultural Building will contain a county exhibit. Not less than forty exhibits will be in place. The prosperity of the Northwest is to be reflected by a greater number of individual exhibits of fruit, grains, vegetables and other kinds of farm products. Not a foot of unavailable

BEAUTY SECRETS!

Where she gets her good looks, her healthy skin, her pink cheeks, is known to every one, because it is apparent that it is not due to cosmetics, paint and powder. But the true womanly beauty comes from good health, and this good health is a woman's secret.

Health comes with good physical machinery and good spirits, an active digestion. A body free from pains and aches comes with a tonic known for over fifty years as the best "temperance" tonic and nerve for woman—namely, Dr. Pierce's Favorite Prescription. It can be obtained in any drug store in liquid or tablet form, or send 10c to Dr. Pierce Invalids' Hotel, Buffalo, N. Y.

Cleansing of the intestinal tract is important. Take castor oil or select a vegetable pill. Such a one is composed of May-apple, leaves of aloe, root of jalap, and made into tiny sugar-coated pellets, to be had at every drug store as Dr. Pierce's Pleasant Pellets.

space will be evidenced.

The work of the boys and girls of the state in the kitchen, garden and out on the farm, will be shown in the School Exhibits Annex to the Agricultural Building. School work will also be demonstrated. The boys of outstanding caliber in farm contests of a competitive nature conducted by the Extension Department of the Minnesota Agricultural College will be rewarded by visits to the fair Farm Boys' Camp. Girls who have excelled in breadmaking and canning will also be guests of the fair during the week.

Hosts of educational exhibits of a miscellaneous nature will be put up in every nook of the grounds. It can truthfully be said that there never was such a fair as the 1919 one.

LEAGUE COVENANT DISHONEST DOCUMENT

Irish Objectors to Treaty and Covenant Heard by Senate Foreign Relations Committee

Washington, Aug. 30—United Press)—Rejectors of the League of Nations covenant speakers, representing Irish organizers and persons of Irish descent in America, today presented to the foreign relations committee Ireland's plea for national independence. It was said there were 20,000,000 Americans of Irish brotherhood. Daniel Cohan of New York declared that the league will give England full control of the seas and that American commerce will be stifled and driven from the sea. Cohan objected to Article 10 of the league covenant on the ground that it would prevent any nation going to the aid of Ireland in its struggle for independence. Cohan was followed by Frank Walsh, who was chairman of the Irish committee which went to the peace conference. Walsh declared the covenant was not really assented to by the nations discussed at the session Quad O'say at which President Wilson read the first draft of the covenant. Walsh said all over the room as the president read he could see men bobbing up eager to say a word in protest, but were not recognized and then Clemenceau announced "that as there were no objections the covenant was adopted." "It was like the mob primaries we used to have down in Missouri," Walsh asserted. "That no amount of amendments can make the league covenant an honest document."

MISSION LAKE PARK LABOR DAY

Offers an Inviting Program of Addresses, Sports, Baseball Game, Picnicking, Etc..

GROUNDS NEAR BERT SABIN

Large Exhibit of Farm Produce Will Later in the Afternoon be Auctioned Off

Farmers and business men of Crow Wing county are invited to spend their Labor Day holiday at the Mission Lake Park, a half mile south of the home of Bert Sabin.

The Harvest Home Picnic that day will be addressed by a corps of speakers including A. J. McGuire of the University Farm of St. Paul; Rev. W. J. Lowrie, pastor of the First Presbyterian church of Brainerd; H. F. Michael, a prominent merchant of Brainerd; County Agricultural Agent E. G. Roth of Brainerd.

There will be music and singing, games, sports of all kinds. A baseball game will be played by married and single men. A large exhibit of farm produce will be displayed by the members of the farmers club. They will later be sold at auction.

Bring your picnic dinners. Enjoy the woods, the beautiful fall weather, Naure dressed in its holiday garb on the shores of Mission lake, the old trading post of the Indians.

Bring your bathing suits, wear every day clothes, be prepared to picnic, ramble through the woods, and make the most of this Harvest Home Picnic on Labor Day, September 1st.

EXPLAINS NEW LAWS ON HOTELS

In a letter to the Dispatch W. A. Wittbecker, state hotel inspector, writes:

I take pleasure in enclosing herewith a copy of the new hotel inspection laws of this state, which I believe are the most comprehensive of any state in the union, as they safeguard the health and comfort of the local population as well as the traveling public.

This department, however, finds itself handicapped in bringing to the notice of those most interested, the requirements of the new law, for the reason that we have no means of obtaining the names of all those who come under these new regulations until such time as our inspectors can make a personal visit to each town in the state.

There is but one direct path to all the people, and that is, through the country press, and while I fully realize that my request is rather unusual, in the interest of your readers and the efficiency of this department, I would respectfully ask you to give publicity to the following outstanding points of the law:

All hotels and restaurants are required to have a license.

All lodging or boarding houses having accommodations for ten or more guests are required to have a license.

All places where confectionery, ice cream, sandwiches, or drinks of various kinds, are made, sold or served at retail must have a license, the fee for which is \$3.50.

The law provides a penalty of from \$25.00 to \$100.00 or imprisonment in the county jail for not more than 90 days for failure to procure this license.

Thanking you in advance, I am,

Very truly yours,
W. A. WITTBECCKER,
State Hotel Inspector.

EARLY FALL PLOWING IS A MONEY MAKER

By E. G. ROTH

(County Agricultural Agent)
Early fall plowing is a bank booster because it returns the best crops. It does this for several reasons according to Andrew Boss, vice director of the Minnesota Experiment station, University Farm, St. Paul.

1. It gives a longer period for the decomposition of the stubble and other particles of vegetable matter turned under in plowing.
2. It opens the soil to fall rains.
3. It helps to dispose of weeds which interfere with the growth of crops.
4. It lessens the amount of spring work and thereby allows the prompt sowing of the crops in this season, avoiding crowding of work to both men and horses.

NEW FARMERS COMING

Bird Island Men Buying Farms in the Vicinity of Brainerd from Dawes Land Co.

Bird Island, Kenville county farmers, are showing interest in farming lands in the vicinity of Brainerd. The Dawes Land Co. has sold three farms to Bird Island people who will occupy their new homes March 1.

The A. O. Schmidt 160 acre place known as the Engel farm in Long Lake township was sold to Frank Bucher.

The Frank Strakka place, 160 acres known as the Robert Fuchs farm, was sold to John Shiller.

The Kronberg quarter section in 22-43-30 was sold to Max Freeman. Additional sales reported Saturday by Mr. Dawes of the Dawes Land Co. are:

W. F. Bernard farm to Frank Swelund of Wadena county, the farm being known as the Dan Clark place in Daggett Brook and containing 129 acres.

C. W. Koering farm to J. M. Schmit, a stock breeder of Ohio. This farm is located in Fort Ripley township and contains 200 acres.

For Andrew Olson Mr. Dawes sold his farm known as the Malmstrom place in Long Lake township, 120 acres, to Julius Schmit of Ohio.

The buyers are no speculators, but actual farmers, stock raisers and dairymen.

RATE CUT DUE WITH RAILROADS' RETURN

Tariffs Must be Conductive to Greatly Increased Traffic, Says C.

E. Elmquist

Washington, Aug. 28—After the return of the railroads to private operation, the rate question will be one of reduction rather than increase, Charles E. Elmquist, president of the National Association of Railway and Utility Commissioners and former railroad and warehouse commissioner, told the House interstate commerce committee hearing on railroad re-organization.

Mr. Elmquist said the question would not be one of increasing the rates, but reducing them so as to permit the greatest flow of traffic. He added that the carriers would be returned to private management under the highest level of rates ever

LAST OF PARK SERVICES SUNDAY

Rev. E. A. Cooke Will be the Speaker, Services to Begin at 7:00 P. M.

IF RAIN, THEN AT M. E. CHURCH

No Recent Union Movement of the Churches Has Met With Such Success

The last of the park services will be held tomorrow. The Rev. E. A. Cooke will be the speaker at Gregory park and the services will be held at 7 o'clock as they were on last Sunday. In the event of inclement weather the services will be held in the Methodist church.

No recent union movement of the part of the churches has met with the success that has attended these services. The attendance has been excellent and the spirit of the meetings the very best. These summer services will doubtless be a regular feature in the future.

Rev. Frederick Errington and Rev. Hans J. Wolner were the speakers during June and July and Rev. E. A. Cooke has been the speaker during the month of August. The sermon on last Sunday was widely and most favorably commented upon. It was a most lucid presentation of the mission of the Savior of the world. The part that those of this generation have to do was forcefully presented.

A splendid crowd is expected for the closing service of this series.

COSTS MONEY TO MAKE PEACE

Huge Sum of One and One Half Millions to Pay Peace Delegates

Washington, Aug. 28—President Wilson asked congress today for an additional appropriation of \$825,000 for the expenses of the American peace commission in Paris from last July 1 to the end of this calendar year.

The President said that up to July 1, the total cost of the commission had been \$1,250,629 and he estimated that by the end of the year the total would reach \$1,506,776. A part of this has been appropriated heretofore.

Larger Items

Among the largest items up to July 1 were included \$144,914 for subsistence, \$103,090 for salaries, \$105,000 for expenses of the commissions sent into other countries.

In transmitting a detailed account of the expenses the President said that in view of the 200 per cent increase in prices in Paris as the result of the war he considered the expenses of the American commission "very modest."

Itemized List

The itemized list of expenses submitted by the President was as follows:

Expenses from Dec. 1, 1918, to June 30, 1919

COSSACKS CAPTURE 13,000 BOLSHEVIST

Anti-Reds Reported to Have Smashed Through Opposing Army, Dispersing 20,000

London, Aug. 28—The Cossacks under General Kamontov, who succeeded in breaking through the Red army, captured 13,000 Bolsheviks and dispersed 20,000 mobilized, but untrained men. A dispatch has been received to this effect from General Kamontov, which refutes the Bolshevik statement that his communications have been cut.

Red Desert

A Red regiment with forty officers deserted to Kamontov, who is forming a division made up of former Bolsheviks. He has evacuated Tambov and is proceeding northwest towards Kolsiov, headquarters of the Bolshevik southern front.

General Denekine's advance is continuing rapidly. He is now ten miles from Kiev and twelve miles from Peturia's forces. If a junction occurs the entire old Bolshevik force remaining in the pocket, 250 miles deep on a fifty mile width to the south of Kiev, will be cut off.

To the northeast General Denekine has captured the important railway junction of Bakhmaz, twenty miles west of Konots. Denekine's cavalry and armored trains are leading the advance and are not meeting any opposition along the whole Western front. The Bolsheviks, however, are massing on this center and right, having captured Volchansk, Valuika and Baturlinovka. The plan of General Denekine is to clear the left flank, preparatory to a general advance.

Poles Continue Advance

The Bolshevik claim of the capture of Pskov, southwest of Petrograd, is probably correct. Further to the south the Poles are advancing on Dvinsk and to the east have forced the Bolsheviks back to the Dvina near Polotsk, imperiling their line.

South of the Pripyet marshes the Poles have been checked on the line of the Siuch river. Heavy fighting is going on at Novgorod Volinsk. Further eastward the Bolsheviks have retaken Jitmir. This success has been counter-balanced by the capture of Fastov by the Ukrainians.

Word of Thanks

We wish to thank friends and neighbors, the First Baptist Sunday school, doctors and nurses of the Northern Pacific hospital for the kind, wise and sympathetic attention upon the passing away of our little one, Verdena Spencer and wish to thank also for the beautiful floral offerings, attesting to the love and esteem in which she was held.

Wise Relaxation.

The wise know that a judicious amount of wasting is, in the end, not wasting at all; for those who have learned to relax and to forget at the right moment, to lay aside care and thought and time completely, when they do labor do it with a fresh and mighty power that the weary slaves of time service never know. To lose time profitably is an exquisite art.

When You Buy

When you think of buying a "talking machine" think about your records first. Consider the records you shall purchase. How large a stock shall you be able to select from. What is the quality of the records. If you do not consider this you will regret it afterwards.

We have just enlarged our record racks and now have a capacity of 4000 Victor records. And Victor records are acknowledged by all as the most perfect records made and you have the choice of the worlds best artists at popular prices.

Then there is no machine that equals the Victrola in reproducing these records. Come in and see what we have to offer to you.

GERMANY'S SIDE OF THE WAR

The Most Costly Newspaper Story Ever Brought to the Northwest

READ IT IN

The Minneapolis Tribune

Beginning SUNDAY, SEPTEMBER 7, and Continuing Daily and Sunday Thereafter, for About 100 Days, Or Until Completed.

Germany's silence is broken for the first time since 1914. No one is better qualified to tell her state secrets than Ludendorff, Germany's greatest military genius

GENERAL LUDENDORFF SAYS:

"It was the German government's fault Germany was defeated."

"Germany's situation was serious from the start; it was critical long before she collapsed in 1918."

"Austria-Hungary was a burden and not a help to Germany."

"The U-boat warfare was justified"

The Minneapolis Tribune has obtained the serial rights to the exclusive publication of this great story in Minnesota. As a newspaper feature it is the costliest and greatest of the kind ever brought to the Northwest. It will run for about 100 days, daily and Sunday, beginning Sunday, Sept. 7. Every day in the same place, starting on column 1, first page, and continuing to columns 1 and 2, sixth page.

He will discuss Germany's war plans without fear or favor, placing blame where he believes it belongs, giving credit where it is due.

Ludendorff's story is vital and stirring. It will not deal with disjointed events; it will not be a justification but a history, so interwoven with human interest as to make it a veritable romance of facts.

Water and the Human Body.

The specific gravity of water and the human body is virtually the same. A body in the water is supported by equal pressure at all points. It is more likely to be at ease than under other circumstances. It is, therefore, more likely that it may move without pain. So cripples are often given their exercise in the water.

BAY LAKE HOME COMING CELEBRATION

Bay Lake, Minn., Aug. 30—Bay Lake is a flutter with flags and excitement on the occasion of its homecoming for its soldier, sailor and marine boys. The orator of the day, Rev. E. A. Cooke of Brainerd, served in the Spanish-American war and gave an address that thrilled his hearers. Bay Lake saw that every world war veteran had his fill of cats and amusements.

SPORTS

CROWDS ASSURED AT THE GAMES

Records to be Broken for Attendance at Brainerd-Stillwater Series Aug. 31, Sept. 1

LOCAL STRENGTHEN THE TEAM

Wood Will Pitch Sunday and Patterson Monday, New Lineup of Brainerd is Given

"The early bird catches the seat." That is the situation at Koering field Sunday and Monday. The crowd with weather conditions favorable, will tax the capacity of the park.

From Little Falls, Fort Ripley, Pillager, Staples, Pequot, Jenkins, Pine River, Bemidji, Ironton, Crosby and all the surrounding country, come reports and requests regarding the state championship series and the interest shown in the coming two games has never been equalled in local baseball history.

Never before has a Brainerd team, in recent years, been in the running for state championship honors and the entire central Minnesota has been awakened to the fact that they have a real ball team and a real championship series to be fought in their midst, and believe us, Herpicide, nobody will miss these two games if they have to go on crutches.

The Brainerd team is out to win the series and all the honors that go with it, and the management is sparing no expense to gain their ends. In Patterson and Wood, they have two of the best pitchers in independent ball anywhere. Both men have twirled air-tight ball and are wonderful moundmen.

Armstrong, behind the bat, is a hard worker and has a great throwing arm. The infield has been performing steady all summer and, while a few changes are being made in the line-up, the players are all thoroughly acquainted with each other's style, so the defensive strength has not been weakened.

On the offensive, the team will show an improvement. Pratt, Russ and Schmidt, the new men signed for this crucial series, are all well known clouters and, with Bessemer, Sheffo, Longley and Russ in the outfield, and Cook, Schmidt, Benda and Pratt in the infield, the team should make the visiting pitcher's life miserable. Ted Stallman, a very fine player, because of his inexperience, will be benched for the present. This in no way de-

tracts from his ability as a player, as he is well thought of and is going to make a very valuable ball player.

It has been decided to line the club up in the following manner for this series:

Armstrong, c; Wood, p; Patterson, p; Cook, 1b; Schmidt, 2b; Benda, ss; Pratt, 3b; Russ, lf; Sheffo or Longley, cf; Bessemer, rf.

The batting order has not yet been decided upon but the strength in this respect is apparent by glancing down the list of hard hitters in the line-up.

Sunday's game commences at 3:00 o'clock sharp. The umpires have been selected. Ed Hall of Brainerd and Hugh Jennings of Ironton will officiate. Wood will pitch the Sunday game and Patterson will work on Labor Day. "Smokey" Wood should have won his game at Stillwater last Sunday. Every break of the game was entirely against him and his team-mates, and Stillwater knows they will have a fight on their hands to beat this wonderful twirler.

It is true that Stillwater has a great team but no club in the country has a right to beat Wood with fair umpiring and decent support.

The 50c price was insisted upon by the Stillwater management because of the enormous expense involved in bringing a high salaried club so far north. This ticket takes the holder to any space inside the fence, grandstand included, so come early to assure your securing a good view of the fight for State Championship honors.

11 Innings, 3 to 3

Park Rapids and Verndale played an 11 inning 3 to 2 game at Verndale. Bye of Central Minnesota League fame pitched for Verndale and Malloy caught for Verndale. Park Rapids had Miller and Shearer as its battery. In his Verndale got an even dozen and Park Rapids just one. On errors Park Rapids had 5 and Verndale 8. Bye struck out 15 and Miller 12. The umpiring was said to be of the weird kind which causes the fans to kick about decisions two weeks after the game.

Mortgage Foreclosure Sale.

Default having been made in the payment of the sum of two thousand seventy-five and 45-100 dollars, which is claimed to be due and is due at the date of this notice, upon a certain mortgage duly executed and delivered by Northwestern Land and Lumber Company, a Minnesota corporation, mortgagor, to Alexander Sang, mortgagee, bearing date the 5th day of June, 1917 and with a power of sale therein contained, duly registered, in the office of the Registrar of Titles, of Crow Wing County, Minnesota, on the 3rd day of July, 1917, at nine o'clock A. M., as document number 3482, upon certificate of title number 4812, which certificate is recorded in Volume 17, page 12, in the office of said Registrar of Titles, and no action or proceeding having been instituted, at law or otherwise, to recover the debt secured by said mortgage or any part thereof;

Now, therefore, notice is hereby given, that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed thereby to-wit: All that tract or parcel of land lying and being in the County of Crow Wing and State of Minnesota, described as follows, to-wit: That part of the Southeast quarter of the Southeast quarter (SE 1/4 of SE 1/4) of Section Eighteen (18), Township Forty-six (46) North of Range Twenty-nine (29) West of the Fourth Principal Meridian, described as follows, to-wit: Beginning at a point (in the South line of Third Street, projected of Riverton, Crow Wing County, Minnesota,) which point is seven hundred ninety three (793) feet north and forty-five and two-tenths (45.2) feet east of the Southwest corner of the said Southeast Quarter of the Southeast Quarter (SE 1/4 of SE 1/4) of said section, thence easterly, (along said South line of Third Street extended,) two hundred seventy and eight-tenths (270.8) feet, more or less, to a point one hundred (100) feet westerly from and at right angles to the center line of the "Soo" railroad; thence southwesterly one hundred (100) feet westerly from and parallel to the center line of the "Soo" railway, one hundred sixty and five-tenths (160.5) feet to a point; thence westerly one hundred eighty and nine-tenths (180.9) feet to a point; thence north one hundred thirty-three (133) feet to the point of beginning; containing sixty-eight one-hundredths (68.100) of an acre, as shown on plat attached to deed, Document number 3195; excepting all iron ores and other minerals, mines, fossils, mineral oils and mineral paints, which may be in or under said lands, with the privilege and right of searching, digging, boring, shafting and mining, by any system or systems now in use and by any system or systems that may hereafter be developed and used, on and every part of said premises, and removing the same therefrom, together with the right of going to and from any mines thereon or any exploring or mining operations on said lands together also with the right of building and maintaining as long as needed, and removing when not needed, any building, buildings, structure, structures, machinery and appliances needed for such exploring or mining operations, with the hereditaments and appurtenances, which sale will be made by the Sheriff of said County of Crow Wing, at the front door of the Crow Wing County Court House, at the city of Brainerd, Minnesota, on the 15th day of October, 1919, at ten o'clock A. M., of that day, at public vendue, to the highest bidder for cash to pay said debt of two thousand seventy-five and forty-five one-hundredths dollars and interest and seventy-five dollars attorney's fees, as stipulated in and by said mortgage, in case of foreclosure, and the disbursements allowed by law, subject to redemption at any time, within one year from the date of sale, as provided by law.

Every break of the game was entirely against him and his team-mates, and Stillwater knows they will have a fight on their hands to beat this wonderful twirler.

It is true that Stillwater has a great team but no club in the country has a right to beat Wood with fair umpiring and decent support.

The 50c price was insisted upon by the Stillwater management because of the enormous expense involved in bringing a high salaried club so far north. This ticket takes the holder to any space inside the fence, grandstand included, so come early to assure your securing a good view of the fight for State Championship honors.

11 Innings, 3 to 3

Park Rapids and Verndale played an 11 inning 3 to 2 game at Verndale. Bye of Central Minnesota League fame pitched for Verndale and Malloy caught for Verndale. Park Rapids had Miller and Shearer as its battery. In his Verndale got an even dozen and Park Rapids just one. On errors Park Rapids had 5 and Verndale 8. Bye struck out 15 and Miller 12. The umpiring was said to be of the weird kind which causes the fans to kick about decisions two weeks after the game.

Francis Quimet in Circle, Chick Evans

J. Wood Platt

Francis Quimet started the golf world when he was a youngster. So did "Bobby" Jones. So did J. Wood (Woody) Platt of Philadelphia, who after "Chick" Evans had been put out of the national amateur golf championship on the Oakmont Coun-

try Club links by Francis Quimet eliminated Quimet in a match that went two extra holes. But he fell a rather easy victim in the semi-finals to Davidson Herron, a young Pittsburgh player. Jones and Herron met in the finals.

trials from his ability as a player, as he is well thought of and is going to make a very valuable ball player.

It has been decided to line the club up in the following manner for this series:

Armstrong, c; Wood, p; Patterson, p; Cook, 1b; Schmidt, 2b; Benda, ss; Pratt, 3b; Russ, lf; Sheffo or Longley, cf; Bessemer, rf.

The batting order has not yet been decided upon but the strength in this respect is apparent by glancing down the list of hard hitters in the line-up.

Sunday's game commences at 3:00 o'clock sharp. The umpires have been selected. Ed Hall of Brainerd and Hugh Jennings of Ironton will officiate. Wood will pitch the Sunday game and Patterson will work on Labor Day. "Smokey" Wood should have won his game at Stillwater last Sunday. Every break of the game was entirely against him and his team-mates, and Stillwater knows they will have a fight on their hands to beat this wonderful twirler.

It is true that Stillwater has a great team but no club in the country has a right to beat Wood with fair umpiring and decent support.
